The SCC Dental Clinic is a teaching facility that provides dental services to the community, while training future dental hygienists and assistants to provide patients with excellent care.

Contact our appointment desk to see if we are able to treat your dental needs based on the program's educational requirements.

Although we provide an exemplary service to the public, our primary goal is to provide students with patients with which to enhance their clinical skills.

Students, Faculty and Staff of Los Rios Community College District receive services here for FREE!

Parking:

If you make an appointment early a daily parking permit can be mailed to you. You can also pick one up when you check in for your appointment. It is recommended you pick up your permit before you park as space is very limited in G Lot and you may need to walk quite a distance to the clinic.

You can park in any student or staff parking lot with the permit we provide.

DO NOT PARK IN A DISABLED PARKING SPOT WITHOUT A VISIBLE DISABLED PERSON (DP) PLACARD. YOU WILL BE CITED.

We require 48 hours advance notice (2 business days) for cancellations to allow time to schedule another patient.

Individuals who fail to keep appointments or fail to give 48 hours' notice may be discontinued as patients.

New patients should expect to have an initial screening appointment (30-45 min) prior to dental treatments.

All work is performed by students under the direct supervision of a dentist and the dental faculty.

Students will require 2-3 hours per appointment to complete all classwork. Please prepare accordingly.

What We Can and Can't Do

We are a teaching institution and are unable to assist patients with advanced cases of dental disease. If issues in the mouth are too severe the patient will not be a good learning case for our student.

What To Expect (1st Appointment)

All of this must be performed and nothing can be skipped.

- Vitals & Medical History Review
Note: If you have medical contraindications to dental work we may not be able to perform work on you without a Medical Consultation Request signed by your physician
- Full mouth exam including oral cancer screening and pocket depth readings
- Full Mouth X-rays or Bite Wings X-rays as prescribed by DDS
- Personalized oral hygiene instruction
- Exam by Dentist (DDS)
- DDS will determine if you need a regular cleaning or a deep cleaning
Note: Candidates for deep cleanings will need more than one appointment

Treatment may include advanced duties such as:

- Local Anesthesia
- Soft Tissue Curettage
- Nitrous Oxide-Oxygen Sedation
