## NURSING PROFESSIONAL

- ❖ Empathetic nurse with demonstrated ability to engage patients, observing patient needs, attending to details, coordinating care with nurses and other medical professionals, and maintaining accurate records.
- ❖ Mature and thorough professional with a reputation for developing rapport quickly with diverse groups, handling difficult customers and patients, and going above and beyond to meet quality standards.
- ❖ Patient-focused care giver with genuine interest in patient physical and mental health, speeding recovery by talking with patients and families to develop trust, educate, and ease anxiety.

## EDUCATION

### **Bachelor of Science in Nursing, *Cum Laude*, Rutgers University, 2016**

Clinical experiences totaling 861 hours in Medical Surgery and Telemetry units at Bayside Hospital; Community Health at Jersey Hospital; Trauma, Medical Surgery, and Cardiac units at Bayside Hospital; Medical Surgery and Surgery units at Children's Hospital; Maternity and Delivery unit at Rutgers Medical Center; and long-term care unit at Rose Health & Rehab.

- ♦ Assisted with patient care and documentation, attended to patient calls, provided wound care, completed discharge planning, and set IV pumps under nurse supervision.
- ♦ Completed 225-hour senior practicum providing care for 4 patients in Cardiac Unit.
- ♦ Completed flu immunization clinic for 25+ patients at senior center. Conducted physicals and assessed needs for 48 residents, compiling data and formulating recommendations to meet expressed needs.

## EXPERIENCE

### **Volunteer, Red Cross, 2016 to Present**

### **Nurse / Administrative Support, Bayside Hospital, 2014 to 2016**

Volunteer 12 to 15 hours per month supporting Periop and Post-Anesthesia Care Unit (PACU). Assist Recovery Clinical Coordinator, nurses, and administrative staff with clerical duties and special projects, gaining familiarity with Northeast Health Partners Electronic Health Record system.

- ♦ Initiated change to documentation of employee attendance, streamlining process for management and staff.

### **Certified Nursing Assistant, Rose Health & Rehab Facility, 2014**

Assessed and observed patient status and reported changes in condition to nurses, monitored and documented patient care and activity. Performed routine care, collected specimens, and used equipment appropriately.

### **Customer Service / Estimator, Rensch-Ray, Inc., Sherwood Printing, & Bruce Printing, Inc., 12 years' experience**

Compiled competitive bids for multimillion-dollar projects, conducting research and interacting with stakeholders across company. Provided excellent customer service to secure projects and maintain profitability.
